Module I
CeeCal® Sugar Free Effervescent Tablet

1.3.3 Patient Information Leaflet (PIL)

Attached
Cee Cal® Sugar Free

Cee Cal® is a balanced formula of vitamin C, Calcium, vitamin D and B6 as effervescent tablets.

To be taken orally when there is need for Calcium and Vitamin C intake.

Composition: Each effervescent tablet contains:
- Vitamin C 1000 mg USP
- Calcium Carbonate 625 mg USP
- Vitamin D 200 IU
- Vitamin B6 5 mg

Properties: The substances needed by the body for its growth, maintenance and energy requirements can be utilized only if vitamins and minerals are ingested in addition to proteins, fats and carbohydrates. There is an important interdependency between the metabolism of vitamins C, B6, D and calcium, particularly in bone formation: Calcium is the mineral most closely associated with vitamin metabolism.

Standard dosage: For adults and children 12 years and above take one tablet daily dissolved in a glass of water or as directed by the doctor.

Warnings: Pregnant, nursing women and patients with renal disorders to take this product by doctor prescription. Consult your doctor before using this product.

Don't use this product for long term use. Don't take this product with other products containing the same active ingredients. Don't exceed recommended dosage. In case of overdose, seek doctor assistance.

Presentation: Each tube contains 10 effervescent tablets.

Storage: Store in a dry place below 30°C. Close container tightly after use.
