<u>Section Four: Forms, Pledge and Lists</u>	15-24

Section One: Imported products such as medicines, medical devices and supplies that are in the possession of Pilgrim Affairs Offices or official government agencies coming to the Kingdom for the use by patients of the mission and impediments to the supply of food items.

First: Conditions and Rules:

- 1- These requirements are to be executed through the External Hajj Unified System of the Ministry of Hajj and Umrah in order to facilitate and accelerate procedures, and if it was completed before the beginning of the Hajj season for this year, then in this case it is necessary to submit applications and documents electronically, with no need of hard copy submission.
- 2- Compliance with the provisions outlined in the Medical Hajj Offices Permits document issued by the Ministry of Health regarding contracting with a licensed service provider in the Kingdom of Saudi Arabia to supervise or provide services. This includes the responsibility of verifying the transportation, storage, dispensing, and re-export of medicines. The service supervisor has the right to contract with a third party to fulfill all the requirements of the authority related to the importation of medicines and medical supplies for the Hajj Affairs Offices.
- 3- Compliance with the supply of medicines, medical equipment and supplies via the accredited airports.
 - (King Abdul Aziz International Airport in Jeddah.
 - Prince Mohammed bin Abdul Aziz Airport in Madinah.

during the period from 15 Shawwal to 30 Dhu al-Qa'da Clearance **of anything that arrives outside this period shall not be approved** in accordance with the conditions contained in the booklet of instructions governing Hajj affairs issued by the Ministry of Hajj and Umrah.

- 4- Hajj Affairs Offices must submit official documents and details on medicines, medical devices and supplies to the Ministry of Hajj and Umrah at least fifteen (15) days prior to the arrival date of the shipment, and also send an electronic copy of the documents set forth in the second paragraph (Documents Required) via email to the office of the Food and Drug Authority at the port of arrival at western central clearance section (Hajj@sfda.gov.sa)

- 5- Attach a copy of the Health Affairs license for the medical facilities where medicines will be stored and preserved during the season.
- 6- The importation of narcotic drugs and psychotropic substances is not permitted. The attached schedules of the Narcotic Drugs and Psychotropic Substances Control System can be accessed through the following link: <https://www.sfda.gov.sa/ar/regulations/62877> .
- 7- The import of medicines and medical devices relating to Pilgrim Affairs Offices arriving via King Abdul Aziz International Airport in Jeddah shall be by airfreight only and under a bill of lading in order for the formal customs procedures to be applied for the clearance of medicines and medical devices.
- 8- The staff of the Hajj Affairs Office shall have a licensed medical team and the required medicines shall be under the supervision and responsibility of the head of the medical team.
- 9- The supply of medical devices and supplies containing radioactive materials shall not be permitted.
- 10- It is prohibited to import the medicines and pharmaceutical products containing substances that fall within the banned lists locally and internationally .
- 11- The contents of the packing statement of the attached list of products to be imported and submitted for clearance must be verified in accordance with the actual content of shipments received through the port, with the provision that the lists and cartons shall be numbered in such a way as to facilitate the procedures of inspection and checking of items.
- 12- All Pilgrim Affairs Offices upon leave must do:
 - re-export the remaining quantities of medicines and medical devices upon departure of the mission from the Kingdom, under a customs declaration.
 - A copy of the statement of what was dispensed, what is remaining and what was damaged must be submitted.
- 13- The distribution of excess or unnecessary quantities of medicines, medical devices and supplies to any entity shall not be permitted. They shall not be allowed to be kept in the residential premises after the end of the Hajj season and must be re-exported so as not to be damaged.
- 14- The mission must import the necessary medicines, medical devices and supplies only for the use of the personnel of the mission by estimating the annual consumption based on what was consumed during the

previous years, and it must not supply large quantities in excess of the need. The SFDA has the right to reject any product or quantity that it deems to be in excess of the need of the mission.

- 15- The supply of food items to the Pilgrim Affairs Offices for the purpose of catering shall not be permitted, as this is provided by the catering operators in accordance with the booklet of instructions regulating Hajj affairs and the memorandum of agreement between the Ministry of Hajj and the Pilgrim Affairs Office.
- 16- The import of food items from the list of countries from which import is prohibited as published on the Authority's website shall not be permitted.
- 17- The import of food items listed in the list of food items prohibited for import shall not be permitted to be imported according to the customs terms published on the Authority's website (List attached).

Second: Documents Required for Clearance:

- a. EMAIL addressed to Hajj@sfda.gov.sa indicating the name of the responsible personal for the imported medicines, pharmaceutical products, medical devices and supplies and the re-export of the remaining quantities, the record number of the transaction at the Ministry of Hajj, and a copy of the concluded memorandum of agreement with the total number of pilgrims, And complete the forms and commitments outlined in section Four.
- b. A pledge to limit the use of the medicines, medical devices and supplies to the personnel of the mission only and under their responsibility, that these shall not be sold or disposed of in any manner whatsoever, and that the remaining amounts thereof shall be returned together with the mission when it returns; also submitting a statement of what was dispensed , what is remaining and what was damaged, prior to the mission's departure from the Kingdom to the branch of the Food and Drug Authority at the customs port; a pledge to delete contract with an accredited company to dispose medical waste (Attached is the form for the pledge that is required to be submitted with the Pilgrim Affairs Offices or the official missions).
- c. Packing statement of:
 - (non-controlled) drugs.
 - medical devices and supplies.

approved by the competent authority in the mission's country and endorsed by the Saudi Embassy.

For non-controlled drugs statement containing:

- the scientific name
- pharmaceutical form
- concentration
- size
- required quantity
- number of cases treated

For medical devices and supplies statement containing:

- the name of the item or device.
- the required quantity.

together with filling out the attached form and providing it in an electronic format in Excel, and attaching the invoices showing the quantity, weight and value, with the need to ensure that they conform to the quantities and items approved within the lists with the shipment received and that the lists and cartons contain explanatory numbers to facilitate inspection procedures.

Section Two: Products such as medicines, pharmaceutical products or medical devices and supplies that arrive with doctors accompanying Hajj campaigns coming through air, sea or land ports for emergency use by pilgrims during the duration of travel to reach the holy sites and impediments to the supply of food items.

First: Conditions and Rules:

- 1- These requirements are to be executed through the External Hajj Unified System of the Ministry of Hajj and Umrah in order to facilitate and accelerate procedures, and if it was completed before the beginning of the Hajj season for this year, then in this case it is necessary to submit applications and documents electronically, with no need of hard copy submission.
- 2- The medicines and medical supplies that arrive with the doctor must be for emergency cases only and in quantities that will cover the needs of the members of campaign accompanying the doctor for their personal use during the journey and the transfer to the residential premises or holy sites and until they are connected to the Pilgrim Affairs Office later.
- 3- The supply of narcotic or controlled drugs with the doctor for the use of pilgrims during the period of movement up to the holy sites shall be prohibited.
- 4- The supply of products containing substances that fall within the banned lists locally and internationally shall be prohibited.
- 5- The supply of medical devices and supplies containing radioactive materials shall not be permitted.
- 6- The supply of food items to Hajj campaigns and offices shall be prohibited and there is no need to transport them with the doctor accompanying the campaign.
- 7- The medicines and medical supplies must be under the responsibility of the doctor accompanying the campaign, and he must re-export the remaining quantities thereof when departing from the Kingdom.

Second: Documents Required for Clearance:

- 1- A letter from the Ministry of Health of the doctor accompanying the campaign stating that he is charged with accompanying the campaign to provide the necessary emergency treatment services during the journey of the campaign until it reaches the holy sites.
- 2- In the event that the above-mentioned letter is not available, medical reports / prescriptions indicating the need of the patients accompanying the doctor shall be attached to the emergency products during the period of transfer to the premises.

- 3- A pledge from the doctor stating his responsibility for the medicines and medical supplies, that they will only be dispensed to pilgrims of the campaign, and that the remaining amounts shall be re-exported when leaving the Kingdom in accordance with the undertaking form required to be submitted by the doctor accompanying the campaign.

Section Three: Products such as medicines, medical devices and supplies, and food items that arrive and are in the possession of pilgrims for personal use.

❖ First: Controlled and narcotic drugs and non- controlled drugs and pharmaceutical products:

● Regulations and Requirements:

1. Clearance of controlled narcotic drugs shall be approved for a quantity that is adequate for a maximum of 30 days or the duration of the patient's stay in the Kingdom, whichever is lesser, provided that the Expiry date is valid and only for the personal use of the pilgrim under his responsibility.
2. Clearance of non-controlled drugs shall be approved for a quantity that does not exceed one month use or the duration of the patient's stay in the Kingdom, whichever is lesser, for the personal use of the pilgrim under his responsibility.
3. If the quantity of medicine required to be cleared is more than the patient's need, the remaining quantity shall be disposed.
4. The entry of medicines and pharmaceutical preparations that arrive with pilgrims without their original packaging or that dispensed from the medical institution shall be prohibited.
5. The entry of expired medicines and pharmaceutical products shall be prohibited.
6. The medicines and pharmaceutical products required to be cleared must be free of internationally and locally banned substances and radioactive materials.
7. The Authority shall not permit the entry of preparations with an unknown formulation, as well as those that have falsified medical claims such as (weight loss, weight gain, whitening, sexual claims).
8. The Authority recommends that you consult your doctor before using any pharmaceutical preparation.

- **Requirements for the clearance of controlled narcotic drugs:**

1. Attach the approval issued by the Authority via the Controlled Drug System (CDS).

- **Requirements for the release of non-controlled Drugs and pharmaceutical products:**

1. A copy of the medical report or prescription for the prescribed medicines, indicating the diagnosis and the medicine required for treatment, indicating the duration of treatment and the recommended dosage, which shall not be more than six months old.

❖ **Second: Medical devices and Supplies:**

- **Regulations and Requirements:**

1. Clearance of medical devices and supplies shall be approved for a quantity that does not exceed one month use or the duration of the pilgrim's stay in the Kingdom, whichever is lesser, for the personal use of the pilgrim only and under his responsibility.
2. If the quantity of medical equipment and supplies required to be cleared is more than the patient's need, the remaining quantity shall be disposed.
3. The entry of medical devices and supplies that arrive with pilgrims without their original packaging or that dispensed from the medical institution shall be prohibited.
4. The entry of expired medical devices and supplies shall be prohibited.
5. The medical devices and supplies required to be cleared must be free of internationally banned substances and radioactive materials.

- **Requirements:**

1. A copy of the medical report or prescription for prescribed medical equipment and supplies, indicating the diagnosis and the need for the medical equipment or product required for treatment, indicating the duration of treatment, which shall not be more than six months old.

❖ Third: Food Items:

● Conditions and Rules:

1. The import of food items listed in the list of food items prohibited for import shall not be permitted to be imported according to the customs terms published on the Authority's website (list attached).
2. Any food item must contain a food label irrespective of the type of food product (dairy, cheese, meat, poultry, fish, canned).
3. The entry of food items that are expired or that do not bear an expiry date shall be prohibited.
4. The entry of any food items showing signs of damage or spoiling, for example (presence of mould, bad smell, discoloration and change of the food's physical properties).
5. The entry of any food items that have been warned about via the website of the Food and Drug Authority due to their violation of technical regulations and approved standard specifications, shall be prohibited.
6. The entry of any food items whose food card contains any of the following ingredients (alcohol, pig fats and derivatives, prohibited additives) shall be prohibited.
7. The food item that arrives with the pilgrim must be preserved according to the appropriate preservation method and especially food items that require cooling or freezing.
8. The entry of any food item that is contaminated with insects or any other contaminants in contact with the food item or the packaging of the food product shall be prohibited.
9. The entry of any food item containing health or nutritional claims or containing images that suggest medical or nutritional claims on the food product shall be prohibited.
10. The entry of food items that arrive with pilgrims in containers that are not intended to store food items or that are found to be in unclean containers shall be prohibited.

11. The entry of food items that arrive with pilgrims in commercial quantities and in excess of their needs shall be prohibited.
12. The entry of all items listed in the tables of the list of prohibited food items and goods (pages 19-23) is prohibited.

Section Four: Forms, Pledge and Lists

The data must be submitted through the Ministry of Hajj and Umrah's electronic platform for overseas pilgrims (Medical Supplies Services). In case of technical challenges, a report should be submitted, and requests should be completed via email by sending the Excel file, which can be accessed through the following link:

[.https://www.sfda.gov.sa/en/forms/5521773](https://www.sfda.gov.sa/en/forms/5521773)
